International Student Services
Placement Test Information

Before being issued immigration documents or enrolling in classes, all students must satisfy placement. The placement test measures skills in reading, writing, listening, speaking and math to help determine your level of courses.

If you place at an ESL level, the College provides ESL courses that may be taken along with your academic courses. If you place below the minimum ESL level, you will *not* be able to enroll in courses and should meet with a member of ISS.

Overseas students will take a remote live-proctor test. Students inside the US will be able to choose to test on-campus (COVID protocol dependent) or with a remote live-proctor. The test is free of charge.

Some students may qualify for either a full or partial test waiver. How to qualify:
