INTRODUCTION

Welcome to the 2023 edition of the Community College of Philadelphia ("the College") Factbook, compiled by the College's Office of Institutional Research within the Division of Institutional Effectiveness. The College Factbook is designed to provide the most requested data about the College and its programs. The factbook is a reference to support internal decision-making as well as serving as a valuable reference tool for anyone needing information about the College. Please note, the most up-to-date data sets are available in dynamic, interactive formats via the College's Institutional Research Dashboards.

COMMUNITY COLLEGE OF PHILADELPHIA is the largest public institution of higher education in Philadelphia, the sixth largest in Pennsylvania, and has served more than 685,000 individuals since the College began offering classes in 1965. Consisting of three regional centers in addition to the Main Campus and the Career and Advanced Technology Center, the College is an open-admission institution that provides the academic resources and support services needed to help students achieve their academic goals. It is hoped that the information provided on the following pages will give insight into the efforts of the College as well as guide decision-making to provide further educational opportunities to our students.

The content that follows is divided into sections and include statistics on admissions, enrollment, student demographic data, graduates, and developmental education, as well as the College's official data reported to the Integrated Postsecondary Education Data System (IPEDS). Where appropriate the source of information, time frame of the data, and cohorts of students involved are identified and noted.

Please note: The data presented here is accurate as of Nov. 29, 2023. Please keep in mind that College information changes frequently. Any questions about this publication or the data contained on the following pages should be directed to the director of Institutional Research, Dr. Eric Shannon (eshannon@ccp.edu).

1.1: APPLICANTS BY ENROLLMENT STATUS, TERM (FALL 2018 – FALL 2023)

This chart shows the number of applicants by term and whether a student subsequently enrolled at the College at any point. If a student applied for a given term and never attended, they are counted in "**Applied Only**" for that term. If they applied for a given term and, at any point, enrolled at the College thereafter, they are counted in the column labeled "**Subsequently Enrolled**." The data presented here is accurate as of Nov. 29, 2023.

3.1: GRADUATION AND RETENTION RATES (2018 – 2023)

The table below displays various success metrics as reported to the Integrated Postsecondary Education Data System (IPEDS). Unless noted otherwise, metrics reported to IPEDs are based on cohorts of first-time, full-time College students who begin at the College in a fall semester.

For graduation and transfer rates, the cohort year is three years behind the reporting year. For example, the 18% graduation rate reported in 2021 is for the 2018 cohort.
For retention rates, the cohort year is a year behind the reporting year. For example, the 57% full-time retention rate reported in 2023 is for the 2022 cohort.
The data presented here is accurate as of April 26, 2024.

Graduation Rates	Report Year 2016	Report Year 2017	Report Year 2018	Report Year 2019	Report Year 2020	Report Year 2021
Number of students in adjusted cohort	1,617	1,616	1,526	1,502	1,524	1,154
First-time, full-time retention rate	54%	60%	54%	58%	59%	57%
First-time, part-time retention rate*	42%	44%	38%	44%	41%	41%
150% completers	256	243	239	272	247	227
150% Grad Rate	16%	15%	16%	18%	16%	20%
100% Grad Rate	3%	0%	4%	5%	5%	5%
200% Grad Rate	17%	21%	22%	21%	20%	20%
Transfer Out Rate	21%	24%	14%	13%	10%	12%

Transfer out rates refer to the percentage of students in a cohort who transferred prior to receiving a credential from the College.

**This retention rate is based on first-time, part-time students who started at the College in a Fall semester.*

3.2.1: DEGREES BY PROGRAM (2018 – 2023)

The first two rows in the table below show the total number of duplicated degrees and unduplicated graduates. A student can earn more than one credential within a graduation year (July 1 – June 30). Thus, the duplicated degrees count reflects the total number of credentials.

The unduplicated graduate count, conversely, only counts a student once per graduate year, even if they earned more than one credential. The program-level rows show the unduplicated graduates per degree program. The programs are listed in the order of when they became listed at the College, then by the first year in which a degree was conferred. The data presented here is accurate as of Nov. 29, 2023.

	2018	2019	2020	2021	2022	2023

4.1: HUMAN RESOURCES: STAFF DEMOGRAPHICS (2016 – 2021)

The table below displays the basic demographic information of College employees separated as the data is reported to the Integrated Postsecondary Education Data System (IPEDS). "Non-instructional staff" includes 12-month faculty such as librarians, counselors, advisors, and Learning Lab faculty.

FTE stands for "full-time equivalent" and converts part-time staff into measurements comparable to full-time staff; for example, a full-time employee equals 1 FTE whereas a half-time employee would equal 0.5 FTE. The data presented here is accurate as of Nov. 29, 2023.
